I sent the email below as a follow-up to a call I had yesterday afternoon with Jeaneanne Gettle, Mindy Eisenberg and John Goodin to ensure we were all on the same page regarding the next steps for our EPA Team in reviewing the draft BA. The outcome of the call was to try to get a meeting scheduled with Mary Walker and David Ross as soon as possible to get their feedback and direction regarding the review and development of any comments. In the meantime we should continue to review the BA as quickly as possible, and depending on the timing of our meeting with them, we will share whatever we have identified so far regarding issues, questions or concerns. Until we have received direction/feedback from senior leaders, we should hold-off on preparing any comment letters. We can discuss more during our 11:00 meeting on Tuesday.

I haven't yet received specific direction on the briefing materials for the meeting, but I would recommend a Powerpoint to guide the discussion. I'll work with Rosemary and Kelly and we'll target sharing a draft with folks on Monday, unless we receive a different direction from our management.

Tom

Subject: RA meeting request form: 404 assumption

As a follow-up to our discussion yesterday, I'm sharing a draft meeting request form to be transmitted to our RA's office regarding a joint briefing for Mary Walker and David Ross regarding the Biological Assessment for 404 assumption. The form reflects a due date for the briefing by no later than May 15, but if that needs to be bumped-up please let me know.

Jeaneanne – I understand you were planning to follow-up with the RA's office to get this scheduled, and please let me know if you need any assistance with that or need any other information regarding the meeting request form.
